

Business Rebates & Incentives

Connexus offers rebates, programs and incentives to help your business improve energy efficiency and reduce costs.

Talk with your business account representative about incentives for:

- Commercial LED lighting
- Motors and drives
- Electric forklifts
- Air compressors
- New building energy efficiency study
- Heating, cooling and ventilation
- Commercial kitchen convection ovens, holding cabinets, hot food electric fryers and electric steamers
- High-efficiency qualified farm and agricultural equipment
- Workplace/public electric vehicle charger installation
